

SWGDOG SC8– SUBSTANCE DETECTOR DOGS

Firearms Detection

Appendix 8.5: Firearms Training Scenarios and Distractors

Firearms training scenarios should include but not be limited to:

- Firearms with varying periods of time since last discharge (hours to years).
- Recently cleaned firearms.
- New out of box firearms.
- Loaded and unloaded used magazines.
- Fired casings/cartridges.
- Disassembled firearm parts most likely to contain powder residue.

Potential distractor odors depending on mission requirements:

- Cleaning solvents.
- Gun oils.
